SUBJECT: Proposed Certificate in Entrepreneurial Leadership

The Department of Management in the Mays Business School proposes to offer a certificate program in "Entrepreneurial Leadership." The attached document details the 13 hours of credit required to earn the certificate. The goal of this program is to offer students seeking the B.B.A -accounting, -finance, -information and operations management, -management, and -marketing) or B.S.-agribusiness degree the opportunity to study in a both a practical and theoretical manner the field of entrepreneurship and be prepared to meet the challenges of an entrepreneurially oriented market place.

A marked up undergraduate schedule is attached to demonstrate that this certificate can be completed by management undergraduates within the 120 hour requirement (catalog #130).

We request approval of this program and allow for the certificate program to be posted to student transcripts.

The Undergraduate Program Office (UPO) has responsibility for administering this certificate program for undergraduates. Once approved the UPO will provide appropriate information for students satisfying the certificate requirements to the Registrar's Office so that the certificate may be listed on the transcripts.

Please contact me if you have any questions (rlester@mays.tamu.edu or 862-7091).

DEPARTMENT OF MANAGEMENT

PROPOSAL

Certificate in Entrepreneurial Leadership Proposal Offered by the Management Department of Mays Business School March 21, 2008

A Certificate in Entrepreneurial Leadership offers Mays Business School undergraduate students seeking a B.B.A. or B.S. degree the opportunity to study entrepreneurship in a focused set of courses. Students who pursue the certificate program must complete all requirements prior to graduation.

The Certificate in Entrepreneurial Leadership is designed to develop the competencies needed to successfully create and manage new ventures or to be a driver of innovation within existing enterprises. Emphasis is placed on leadership in three areas: conceiving, exploiting, and managing opportunities. Graduates of this certificate program are provided with the tools to plan for new business start-ups, become leaders in high growth firms, or to become corporate intrapreneurs capable of improving an organization's ability to innovate.

The program requires thirteen (13) credit hours in designated course work from the list of courses below. Completing the certificate includes taking one (1) hour of an entrepreneurial internship identified through the Center for New Ventures and Entrepreneurship housed in the Department of Management. In addition, twelve (12) hours of upper level management classes are required. We are developing a special topics course titled Issues in Entrepreneurship in which entrepreneurs are brought to campus to discuss important issues of the day in an interactive setting. We expect to request a new course number in the near term.
