October 12, 2007

MEMORANDUM

TO: Dr. Robert Knight
Chair, University Curriculum Committee

THROUGH: Dr. Richard J. Golsan 
Head, European and Classical Languages

FROM: Dr. Jo W. Howze 
Senior Associate Dean

SUBJECT: Engineering Certificate Programs

The Dwight Look College of Engineering requests the following changes be made to the 2008-09 Undergraduate Catalog (131):

1. Change the name of the “International Certificate for Engineering Students” to “International Engineering Certificate”.
2. Remove the “International Certificate Program with a Focus in German for Dwight Look College of Engineering” from the catalog.

The title “International Certificate for Engineering Students” suggests that the certificate is offered by another college. Further, the wording, “for Engineering Students” is used in the Business Management Certificate and similar wording is used in the German Certificate because they are both offered to engineering students by other colleges.

The “International Certificate for Engineering Students” was created to replace the German Certificate program to allow our students to focus on other languages if they so choose.
