

## Transcript Information

An official transcript is a comprehensive record of a student's academic progress at Texas A&M University. Transcripts contain confidential information and are released only in accordance with the Family Educational Rights and Privacy Act of 1974 (FERPA). Transcripts will not be released without written permission from the student.

**Students with outstanding financial obligations to the University may have a transcript HOLD placed on their academic record and will be blocked from receiving an official transcript until the matter has been settled with the appropriate department.** Payment **MUST** be received before an official transcript will be produced.

**All official transcript orders are \$10 each.** Students may pay for official transcripts requested on this form with a check, money order, or credit card (American Express, Discover, MasterCard, and Visa). All payments must be made in U.S. Dollars. A fee will be applied to all returned checks.

All requests **MUST** be signed by the student to authorize the release of their academic transcript to the recipient. Registrar staff will make **ONE** attempt to contact the student should there be a problem or question with any of the information provided on the transcript request or to notify the student of a transcript hold. Students will have 2 business days to resolve any problems with the transcript request or removing a transcript hold. If the problem persists longer than 2 business days, a new request will need to be submitted.

During regular processing periods, transcripts ordered by mail, fax, or online will generally be sent within 1-5 business days from receipt of the transcript request. However during certain peak times, transcript processing may require additional time due to the volume of requests received. Transcripts ordered in person may be picked up at the time the order is placed. **A photo ID is required when ordering a transcript in person.**

Texas A&M University does not accept email requests for official transcripts. Transcripts staff will **NOT** email transcripts. Students may order official PDF eTranscripts through web order only. Please refer to the **[Official PDF Transcript Production and Delivery Options](#)** & **[Online Transcript Ordering Options](#)** posted on the Office of the Registrar's website.

The following **special services** available with an official transcript order; however, additional costs may apply:

Special Service	Description	Additional Cost?
<b>Hold for Grades Processing</b>	A request may be submitted to delay printing the transcript until after final <b>grades</b> for the <b>current</b> semester have been recorded on the official transcript. These requests may be submitted at any time during the current semester. Hold for Grades transcript requests will be processed after end of term processing has been completed on a daily basis through the fifth business day after final grades (for all students) are due. Hold for grades transcript requests received after this date will apply to the following semester.	No
<b>Hold for Degrees Processing</b>	A request may be submitted to delay printing the transcript until after degrees for the current semester have been recorded on the official transcript. These requests may be submitted at any time during the current semester. Hold for degree requests will initially be processed after degrees have been posted for all degree candidates for the most recently completed semester (typically a few days after the commencement ceremonies). This option does not delay the processing of an official transcript based on an individual student's graduation date. Hold for degree transcript requests will then be printed daily through the fifth business day after final semester grades have been posted. Hold degree transcript requests received after this date will apply to the following semester.	No
