

Q-Drop Course Status Codes

Any questions may be directed to the Records Section 979-845-1003 or records@tamu.edu.

- QA – use to Q-drop any course that is greater than 1 credit hour.
- Q1 – use to Q-drop any 1 credit hour course.
- QL – use to drop a zero (0) credit hour course, or a lab when it is being dropped at the same time as its companion lecture.

Please Note: QA and Q1 will be counted in the student's State limit of six drops. The QL will not be counted in the limit, as the State does not count a zero (0) credit hour course, nor a lab when it is dropped within the same semester as its companion lecture.

QA and Q1 will display on the transcript as Q. QL will display on the transcript as W.
