Graduation Rates for Texas A&M University freshmen and freshmen athletes by select demographics
2014-2020

This report compares the 4 most recent 6-yr graduation rates for Texas A&M University full-time freshmen and full-time freshmen who received athletic-based financial aid during their first enrolled year, by gender, race/ethnicity, and specified aid recipient categories (these aid categories are also based on received aid during the first enrolled year). The 6-year graduation rates reflect students who earned a bachelor’s degree at Texas A&M University prior to and including the summer semester of the 6th academic year, which represents graduation within 150% of first enrollment. If the athletic cohort students lost their athletic status/aid after their freshmen year, they still remained a part of the original base freshmen cohort. Students who received athletic aid after their first enrolled year (i.e. walk-on athletes) are not included in the base cohorts.

This report is created to comply with The Higher Education Opportunity Act (HEOA) section 488(a) HEA section 485(a), with regards to the disaggregation of graduation rates for freshmen and student athletes by gender, race/ethnicity and receipt of a Federal Pell Grant, receipt of a FFEL or Direct Loan (but not an unsubsidized Stafford or Federal Direct Unsubsidized Stafford) but not a Pell Grant, and non-receipt of a Federal Pell Grant or Federal loans (other than an unsubsidized Stafford or Federal Direct Unsubsidized Stafford).

The HEOA provides an exception where institutions may note instances where the statistical number is too small and would not yield statistically reliable information or would reveal personally identifiable information. Any data cell that contains 5 or less students is suppressed for confidentiality.

1 Includes students officially enrolled at College Station campus only. Galveston and Qatar campuses are not included.

2 Race/ethnicity categories are based on the Integrated Postsecondary Education Data System (IPEDS) glossary for federal reporting. Prior to AY2010-2011, the following race categories at this definition level were not collected/reportable during these cycles: ‘Native Hawaiian or other Pacific Islander’ and ‘2 or more races’.

+++ contains 5 or less students, data suppressed for confidentiality.
