Commandant of the Corps of Cadets (interim) . . . . .	Lieutenant General Loyd S. Utterback (Ret.)
University Librarian and Assistant Provost, Texas A&M University Libraries . . . . .	Ms. Julie A. Mosbo Ballestro

---

## *Honorary Doctor of Letters*

### *Ambassador Ryan C. Crocker*

Ambassador Ryan C. Crocker received his B.A. in English from Whitman College in 1971 and was a Mid-Career Fellow at Princeton University where he studied public policy and Near Eastern Affairs. For his seminal accomplishments, he received the Presidential Medal of Freedom in 2009, the James Joyce Award from the Literary and Historical Society of University College Dublin in 2016, and the Sylvanus Thayer Award from the West Point Association of Graduates in 2020. He currently serves as a Senior Fellow for the Carnegie Endowment for International Peace.

Ambassador Crocker is a world-famous specialist in American diplomacy and foreign affairs. He is attributed with being his generation's leading American diplomat in the Greater Middle East, serving in some of the most important and complex environments for American foreign policy during his time with the Foreign Service. His work in tense environments, such as Lebanon (1990-93), Kuwait (1994-97), Syria (1998-2001), and Afghanistan in 2002, has earned him a reputation from presidents of both parties as a key player of Middle Eastern relations. He was the first American diplomat on the scene at the Marine Corps barracks bombing in Beirut, which ultimately contributed to him being named as an *Honorary Marine*, one of the only 75 honored as such in their long and illustrious history.

He was conferred the rank of Career Ambassador by President George W. Bush in 2004, the highest rank that the Foreign Service bestows. He is the recipient of numerous other awards and recognitions including the Inaugural Bancroft Award from the Naval Academy (2016), the Director's Award from the Director of Central Intelligence (2012), and the Department of Defense Award for Civilian Service (1997, 2008).

Ambassador Crocker has interacted with faculty of Texas A&M University as Dean of the Bush School of Government and Public Service and Executive Professor (2010-2016). Awarding of this honorary degree facilitates a stronger campus connection, including presentation of lectures for students, and enhances the visibility of our programs in Government and Public Service.

In supporting the nomination, former Texas A&M University President and U.S. Secretary of Defense Robert M. Gates notes: "His experience in the Middle East allowed him to take his knowledge to the classroom to help students, and through the media, to share with a wider audience to further his belief that he could help improve the lives of others nationally and internationally as individuals learned more about the history and nuances." Dr. Gates continues by saying that Ambassador Crocker "is one of the finest public servants I have ever known, and I strongly endorse his nomination to receive an honorary degree from Texas A&M."

*Candidates for Commissions in  
The Armed Forces of the United States*

*Lieutenant General Loyd Utterback (Ret.)—Interim Commandant*

*United States Army*

*Colonel Scott Dellinger—Professor of Military Science*

*Second Lieutenants, U.S. Army*

\* Double Major

◇ Double Degree

---

*University Studies*

Haydee A. Montemayor

Matthew Cristobal Toc

### Honors Fellows

Students graduating with Honors Fellows must have completed at least 30 hours of Honors course credit, including 9 hours in the University Core Curriculum and 12 hours in 300-400 level courses. Additionally, all Honors Fellows have completed a capstone project. Honors Fellows are required to remain active with the Honors Student Council and make an annual update to their ePortfolios. Students must maintain at least a 3.5 cumulative Grade Point Average with at least a 3.25 Grade Point Average in Honors coursework.

Mahi Athota	BS Biomedical Sciences
Mikala Lee Burge	BS Biomedical Sciences
Julia E. Felder	BS Chemical Engineering
Samuel J. Franklin	BBA Management Information Systems
Andrew Ray Hoyt	BS Applied Mathematics
Megan Emily Mahon	BS Biochemistry
Daniel Joseph Neylon	BS Political Science
Jacob Michael Royal	BS Electrical Engineering
Azul Alessandra Valencia	BED Environmental Design Architectural Studies
Elise Nicole Weaver	BS Psychology

### Latin Honors

Students graduating with Latin honors distinctions have enrolled in and successfully completed a minimum of 60 undergraduate semester hours required for the baccalaureate degree. The category of Latin honors attained is determined by grade point average of all college hours attempted, excluding transfer hours. The categories are as follows:

**Cum Laude:** A student may be graduated *Cum Laude* with a Grade Point Average of 3.500 to 3.699.

**Magna Cum Laude:** A student may be graduated *Magna Cum Laude* with a Grade Point Average of 3.700 to 3.899.

**Summa Cum Laude:** A student may be graduated *Summa Cum Laude* with a Grade Point Average of 3.900 or above.

---

## *Honors Stoles*

Texas A&M undergraduates who complete the requirements for any of the distinctions listed above or for college- and departmental-level honors programs are awarded a gold satin stole to wear with their commencement robes. The university presents the stoles to honors graduates in recognition of their accomplishments.

## *Undergraduate Research Scholars*

The Undergraduate Research Scholars program provides motivated undergraduates the opportunity to engage in quality, in-depth research experiences. Over two semesters Scholars work with faculty mentors to produce a formal undergraduate research thesis and a public presentation of their research results.

Lauren Nicole Alvarez . . . . .	BS Biochemistry

Snigdha Palamari . . . . .	BS Interdisciplinary Engineering
Colin Gregory Peek . . . . .	BA International Studies
John D. Powell, Jr. . . . .	BS Computer Science
Caitlyn M. Prejean . . . . .	BS Biomedical Engineering
Annie Elizabeth Rabel . . . . .	BS Kinesiology
Jacob Michael Royal . . . . .	BS Electrical Engineering
Stefan A. Savin . . . . .	BS Psychology
Trevor O. Smith . . . . .	BS Genetics
XiMing Zhang . . . . .	BS Computer Science

---

## *Academic Regalia*

Academic institutions throughout the world have created a wide variety of customs including distinctive dress, color and ceremony to indicate the accomplishments of scholars. English traditions originating at Oxford and Cambridge led to the development of American academic regalia. By the twentieth century, institutions of higher learning in the United States had adopted a well-defined code of academic costume, which now includes the identification of the different academic degrees by distinctive gowns, hoods and colors. For instance, the baccalaureate gown is worn closed and is identified by long, pleated front panels and long, pointed sleeves. The master's gown has very long sleeves, closed at the bottom, and the arms of the wearer are placed through an opening in the front of the sleeves. Doctoral gowns are distinguished by velvet panels around the neck and down the front of the gown. Three horizontal black velvet bars also mark the doctorate. In America, the hood is the most colorful feature of academic regalia. The bachelor's hood, when worn, is comparatively short; the master's, a bit longer; and the doctor's, at four feet, reaches far down the wearer's back. The outside of the hood is black and is bordered with a two-, three- or five-inch band of velvet in the color representing the degree received, and the hood is lined with the colors of the granting institution. For instance, the Master of Arts hood from Texas A&M has a white border, for the discipline color of Arts, Letters and Humanities, with a maroon and white lining; the Master of Science hood has a golden yellow border, for Science, with a maroon and white lining; and the Doctor of Philosophy hood has a border in the blue of Philosophy with a maroon and white lining. Among the other discipline colors are Agriculture—maize, Architecture—violet, Business—olive green, Education—light blue, Engineering—orange and Veterinary Medicine—gray. These colors represent the degree earned, not the academic major. The Ph.D. in Engineering, for example, would normally wear the dark blue of Philosophy on the hood and gown instead of the orange of Engineering. Official guests of the University and members of the Board of Regents wear the doctor's gown with the blue of Philosophy on the front and hood.

## *Ceremonial Mace*

The University mace, a gift of the Class of 1990, leads the academic procession at commencement and on other special ceremonial occasions. Historically, the use of a mace dates back to the Middle Ages and was carried before or placed near a magistrate or other dignitary as an ensign of authority. This mace is made of sterling silver, walnut and oak and depicts various University symbols. It was designed by Rodney Hill, Texas A&M architecture professor who also carved the staff. Silversmith Lane Coulter '78, of Santa Fe, prepared the silver head of the mace and Lars Stanley '74, of Austin, designed and manufactured the stand.

---

## *Gonfalons*

The gonfalon, a flag that hangs from a crosspiece or frame, originated in the medieval republics of Italy as an ensign of state or office. Gonfalons have been adopted in many universities around the world as college or institutional insignias. The gonfalons displayed represent the colleges of Texas A&M University. The colors of the University, maroon and white, are joined together in a pattern common to all of the flags. The top portion is the designated color for each unit. The white field serves as a background for the symbol of each.

**College of Agriculture and Life Sciences.** On a ground of white appears an emerging sun of yellow and russet rays. Yellow, the discipline color of science, russet, the discipline color of natural resources, and the center orange, color of engineering, combine to illustrate the intellectual interest in human and biological systems and structures. The interweaving ring encompasses the dawn making a full circle of life.

**College of Architecture.** The College of Architecture is comprised of three departments, all dedicated to the advancement of the built environment: Architecture, Construction Science, and Landscape Architecture and Urban Planning. The central triangle, a key shape in the field of architecture, symbolizes power, resilience, and direction, which is tilted to reveal its dimensionality, a non-planar object manipulated by the designer in exploration of unique perspectives. The rectilinear towers that encompass the triangular shape represent the monumental constructions throughout the history of architecture. These structures are all placed upon the foundation, which symbolizes the beginning of architectural education and knowledge. The three ribbons represent the builder's creativity (yellow), reliability (blue), and dedication (red), the essential values instilled within each student in the College of Architecture, leading towards a better world through the scope of knowledge and exploration.

**College of Arts and Sciences.** The symbol shows the connectivity of the distinct areas of knowledge in the College of Arts and Sciences. The components around the hexagonal ring are the domains of sciences, humanities, and social sciences. The design of the ring illustrates how these interlocking domains of learning and scholarship are united in the College of Arts and Sciences.

**Mays Business School.** The golden knot symbolizes unity and coordination of the disciplines of business administration. Surrounding the golden knot, a field of purple represents the rank of authority. The foundation of lozenges under the triangle illustrates the flow of order.

**College of Dentistry.** The color lilac has been associated with dentistry since the 1800s, symbolizing compassion and inspiration. Upon it, rests the Greek Omicron, O, representing the first letter in “odont,” meaning tooth, along with an interlaced Delta representing the letter D for Dentistry. The inner-most component of the emblem depicts healing, as signified with a serpent intertwined around the ancient cauterizing rod of the Greek god of healing, Ascepius. Included in the emblem, are 32 leaves and 20 berries representing both the primary and secondary teeth.

**College of Education and Human Development.** The flourishing flame blazoned with gold, light blue and royal purple signifies the burning zeal of the three missions of education—teaching, research and service. The hands hold the spiritual, social and intellectual flame of education.

**College of Engineering.** As the triangles collaborate alongside each other, projecting a diamond shape, they depict the strong relationship between the diverse engineering disciplines. The use of mathematics, science and technology provide the foundation of solving today’s challenging ideas between and within each engineering department. The center illustrates a circuit board to express the continuing growth in technology and engineering today, resulting in new industries and opportunities. The cohesive elements of this design work together as a whole symbolizing communication, interaction, teamwork, and balance in Engineering as the green, blue and navy color palette represents energy, loyalty, wisdom, professionalism and ambition.

**Bush School of Government and Public Service.** The star symbolizes pride and heritage in our great state of Texas. The two lines on either side of the star represent our connection with the past, and with the future, in an effort to build on experiences from history, while contributing and presenting new opportunities to future generations.

**School of Law.** A widely accepted symbol of peace, the olive leaves highlight one of the most critical contributions of law and legal order to human development. Curving inwards, they also bring to mind the Aggie Ring—and the circle of fellowship and community it represents. Lady Justice symbolizes the values our graduates bring to bear in their careers: a spirit of objectivity (blindfold), an unwavering commitment to fairness (scales), and the strength necessary to pursue it (sword). The six stars, finally, represent Texas A&M’s Core Values—Leadership, Respect, Loyalty, Excellence, Selfless Service, and Integrity—essential requirements of not only members of the legal profession, but all those who study the law and seek to advance justice, fairness, and the Rule of Law.

**College of Medicine.** The white field provides a background for the Aesculapian staff and serpent, long used as the symbol of the healing arts. The green color is the same displayed on the hoods and robes worn for the degree of Doctor of Medicine.

**College of Nursing.** The stars on the College of Nursing gonfalon represent caring, innovation and empowerment, while the cross symbolizes the origins of nursing. The candle honors the founder of nursing, Florence Nightingale. Apricot is the color of nursing.

**College of Performance, Visualization and Fine Arts.** The center of the design is a Penrose triangle, which is a continuous triangle, and an impossible 3D shape. The triangle combines math and creativity through the optical illusion it creates. The extensions of the triangle symbolize growth in all directions, while the overall triangular form communicates unity and continuity.

**Irma Lerma Rangel College of Pharmacy.** The mortar and pestle on the College of Pharmacy gonfalon symbolize the tools of traditional pharmacy. The Rx is from the Latin, "Take thou."

**School of Public Health.** The anchor and caduceus are adapted from the national Public Health Service, which evolved from the Marine Hospital Service to the Public Health and Marine Hospital Service, and finally became the U.S. Public Health Service. The star represents the linkage of the School of Public Health with the Texas A&M Health Science Center and the State of Texas. The salmon color is the color of the public health hoods.

**College of Veterinary Medicine and Biomedical Sciences.** Resting upon a ground of purity, a white snake stands for the science and the art of prevention, cure or alleviation of disease and injury to animals. It is found entwined around a herald's green staff—the symbol of service. The golden radiant triangle atop the Aesculapius illustrates the breadth of veterinary medical science.

*“The Spirit of Aggieland”*

By Mimms-Dunn

Some may boast of prowess’ bold,  
Of the school they think so grand,  
But there’s a spirit can ne’er be told,  
It’s the spirit of Aggieland.

Chorus

We are the Aggies—the Aggies are we,  
True to each other as Aggies can be.  
We’ve got to fight, boys,  
We’ve got to fight!  
We’ve got to fight for Maroon and White.  
After they’ve boosted all the rest,  
They will come and join the best,  
For we are the Aggies—the Aggies so true,  
We’re from Texas A M U.

*The audience is asked to stand for the procession. As a courtesy to the graduating class, guests are requested to refrain from leaving until after the recessional.*

## CONGRATULATIONS NEW GRADUATES!

### WELCOME TO THE ASSOCIATION OF FORMER STUDENTS!

Today, as a proud graduate of Texas A&M University, you will turn your Aggie Ring so that the Class year faces away from the body symbolizing a readiness to face the world.

Being an Aggie is a lifelong experience that is supported by the Aggie Network. By staying involved with Texas A&M through The Association of Former Students, together, we will continue the work of passing back the core values, traditions and experiences that make Texas A&M unique.

As you begin your new journey, we ask that when you're ready, you consider helping to pass it back to future generations. Join the Century Club at a 50% discount and proudly showcase your very own Century Club member decal.

**The Association**  
OF FORMER STUDENTS®

TEXAS A&M UNIVERSITY®

The Association of Former Students is **HERE** for Aggies during their days as students and former students, **THERE** for Aggies as they make their way around the world and **EVERYWHERE** that the Aggie Network needs us to be.
